Is there a manual?

You have a detailed user manual and FAQ on the CD by-packed with your GoGear. You can also download the same file from this website: www.philips.com/support or www.philips.com/usasupport (for US residents).

Register your product

Since it is possible for you to upgrade your product, we recommend that you register your product on www.philips.com/register or www.philips.com/usasupport (for US residents) so we can inform you as soon as new free upgrades become available.

Don't forget about upgrades

We know you will enjoy your product for a long time. For best performance, we recommend that you regularly check in to www.philips.com/support or www.philips.com/usasupport for free upgrades of the latest software and Device Plug-in for your product. These downloads will help you to optimize your product's performance and to take advantage of our future support of new audio formats.

Enjoy your new music experience.

What's in the box

Headphones

USB cable

CD-ROM containing Windows Media Player 10, Philips Device Manager, Philips Device Plug-in, User Manual, Tutorials and Frequently Asked Questions

Protective pouch

Quick start guide

What else you'll need?

Computer

Computer with:
Windows XP (SP2 or above)
Pentium Class 300MHz processor or higher
CD-ROM drive
128 MB RAM
500MB Hard Disk space
USB Port
Internet connection (preferable)
Microsoft Internet Explorer 6.0 or later

1 Install

- 1 Insert the CD supplied with your product into the CD ROM drive of your PC.
- 2 Follow the onscreen instructions to complete the installation of **Windows Media Player 10** and **Philips Device Manager**.

2 Connect and charge

Your player will be charged while connected to your computer via the USB connection.

- 1 Connect the player to your computer using the supplied USB cable.
- > You will see the charging animation in the top right corner of your player's display.
The player is fully charged when the charging animation stops and the above icon is displayed.

3 Transfer

A Music transfer

- 1 Connect the player to your computer using the supplied USB cable.
- 2 Start **Windows Media Player 10**.
- 3 Choose **Manual** in Device Setup Wizard screen. (you can also do an automatic synchronization, refer to user manual on the CD for instructions).
- 4 Select **Sync** tab. In the pull down menu on the right pane, select **Philips** or **Philips GoGear** as the destination. If they are not in the list, press **F5** to refresh and try again.
- 5 Select the **Library** tab to access the media library.
Click to highlight a song you want to copy. Right click on the item and select **Add to > Sync List**.
OR
Drag and drop the song into the **Sync List** on the right pane.
- 6 Click the **Start Sync** button to start synchronization. The progress will be displayed.
- 7 When the transfer is finished, you can disconnect your player from the computer.

B Photo transfer

Remember to install **Philips Device Plug-in for Windows Media Player** (can be found in the supplied CD ROM) in your computer before transferring photos.

- 1 Connect the player to your computer.
 - 2 Start **Windows Media Player 10**.
 - 3 Select **Sync** tab.
 - 4 In the pull-down menu on the right pane, select **Philips** or **Philips GoGear** as the destination.
 - 5 Select the **Library** tab to access the media library.
 - 6 Click **All Pictures** on the left pane to display the list of photos.
 - 7 Click to highlight the photo you want to copy to your player.
 - 8 Drag and drop the photo into the **Sync List** on the right pane.
 - 9 Click **Start Sync** button at the bottom of the screen to start synchronization.
- > The progress will be displayed just above the **Start Sync** button.

B Photo transfer (continued)

IMPORTANT Photos can only be transferred using **Windows Media Player 10**. If they were dragged and dropped using **Windows Explorer**, they will not show on your player.

A pop-up message will be displayed, notifying you of the synchronization progress. When the pop-up disappears, the transfer is completed and you can disconnect your player.

For more information and tips on transferring music and pictures with **Windows Media Player 10**, please refer to the user manual on the supplied CD.

4 Enjoy

A Power on and play

- 1 To power on, slide down and hold **ON/OFF LOCK** slider to **ON/OFF** position until the player powers on.
- 2 Use the **VERTICAL TOUCH STRIP** to scroll through the main menu.
- 3 Select **Music**, **Pictures** or **Settings** by pressing **▶**.
- 4 Use the **VERTICAL TOUCH STRIP** and **◀▶** buttons to navigate.
- 5 Once you have found a song you would like to play, press **▶||**.

B Use the vertical touch strip

Your player has touch sensitive controls that respond to the touch of your fingers. The **VERTICAL TOUCH STRIP** (see picture) is used to scroll through lists. It responds to the following finger movements.

	To	Press
General	Power on/off	Slide down and hold ON/OFF LOCK slider to ON/OFF position
	Scroll through lists	Use the vertical touch strip
	Select option	►
	Return to previous menu/option	◄
	Access list of menu options	MENU
	Go back to the library to browse	◄
Music	Play/Pause songs	►
	Jump to next song	►►
	Move back to previous song	◄◄
	Add song to Playlist on the go	Select or play a song, press MENU and select add to playlist on the go
Pictures	Start a slide show	Press MENU , select Start slide show and press ►
	Stop a slide show	◄

Other features

For other features, please refer to the user manual provided in the by-packed CD ROM for details.

Troubleshooting

How do I reset my player?

In the unlikely event that your player hangs, do not panic. Insert a small pin or other sharp object into the reset hole located at the back of the player. Hold until the player shuts down.

How do I repair my device?

In case of a device error, connect your player to the computer and use **Philips Device Manager** to restore your player.

- 1 Launch **Philips Device Manager** from **Start > Programs > Philips Device Manager**.
- 2 Select your device.
- 3 Select **Repair** tab.
- 4 Click **Repair**.
- 5 After the repair process is completed, click **OK** and disconnect your player.
- 6 The player is ready for use again after restart.

Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

When this crossed-out wheeled bin symbol is attached to a product it means the product is

covered by the European Directive 2002/96/EC

Please inform yourself about the local separate collection system for electrical and electronic products.

 Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your old product will help prevent potential negative consequences for the environment and human health.
